

1 year

4 research studies

4 state institutions

Youth Entrepreneurship

Commissioned by: Ministry of Youth and Sports
Conducted by: Economics Institute

Purpose: Analyse business environment for young entrepreneurs and provide research evidence for new policies on entrepreneurship in IT sector, creative industries and services in agriculture.

Recommendations:

- Entrepreneurship education through “Youth Companies” in secondary schools.
- Special law to enable venture capital investments and tax exemption for investments in start-ups and innovative firms.
- Amend Law on Foreign Currency Transfers to enable electronic money transfer systems (e.g. PayPal).

Protection of Cultural Monuments

Commissioned by: Ministry of Culture and Media
Conducted by: Academy of Arts

Purpose: Identify problems in operations, regulatory framework, sources of financing and working conditions of all 14 institutes for the protection of cultural monuments of Serbia and give recommendations for improving the system.

Benefits:

- Results of the study included in the new Strategy of Culture for period 2017-2027.
- The study was used for advocating changes in public policy “Draft Strategy on Intellectual Property 2016-2020”.

Results of Social Science Research contribute to policy making process

Corporate Governance in Public Companies

Commissioned by: Ministry of Economy
Conducted by: NICEF & FREN

Purpose: Examine the state and the level of the development of corporate governance in public companies in Serbia.

Benefits: The study will be used in the new Law on Public Enterprises in terms of introducing mandatory licences for the Public Enterprises’ Board Members.

Market Analysis of Aftersales Services

Commissioned by: Commission for Protection of Competition
Conducted by: Institute for Economic Sciences

Purpose: Analyse the market of aftersales services (warranties, services, trade and use of spare parts) for motor vehicles and electrical appliances in Serbia, and identify the most urgent problems.

Benefits: Research results will be used to prepare by-laws harmonised with EU legislation.
